INSTRUCTIONS FOR AFFIDAVITS

An affidavit is a written declaration signed under oath before a notary public or other authorized officer. For an EMT application, these authorized officers include: postmaster, clerk of court, judge, magistrate, state trooper, authorized state employee or certifying officer.

When applying for EMT certification, an affidavit must include:

- the date of the conviction;
- the official name of the offense(s),
- the sentence or treatment requirements imposed;
- the status of the sentence or treatment required; and
- any other information you believe is relevant to your application for EMT certification, including statements about the five factors included under 7 AAC 26.950 (f):

The affidavit **MUST** be signed in the presence of a notary public, postmaster, clerk of court, judge, magistrate, state trooper or authorized state employee or EMS certifying officer.

The Section of Injury Prevention and EMS reserves the right to require the submission of relevant documents, including court documents, prior to determining whether a certificate should be issued.

Failure to disclose convictions may be considered “fraud or deceit in obtaining a certificate” and is, in itself, grounds for the suspension, revocation, or refusal to issue a certificate.

NOTE: Regulations require EMTs and Instructors to notify the department in writing within 30 days after being charged with an offense that is a class A misdemeanor or a felony under the law of this state or an offense with substantially similar elements in another jurisdiction.³

Use of Social Security Numbers in Certification of EMS Personnel Under AS 18.08

Introduction and Overview: The Privacy Act of 1974, as amended, 5 U.S.C. § 552a (1994) prohibits a federal, state or local government from denying an individual any right, benefit or privilege provided by law because of the individual's refusal to disclose his Social Security numbers (SSN). This section does not apply to any disclosure which is required by federal statute. The law further requires agencies collecting Social Security numbers to provide information about how the information will be used. This document provides information about the collection and use of Social Security numbers by the Section of Injury Prevention and EMS (IPEMS) of the Alaska Department of Health and Social Services for the purposes of certifying individuals under Alaska Statute 18.08.010 — 18.08.090.

Under What Authority Does IPEMS Collect SSNs? Federal and state laws regarding child support enforcement and federal debt collection require state agencies to deny licenses to those who are significantly delinquent in paying their child support or student loan obligations. (See Personal Responsibility and Work Opportunity Reconciliation Act of 1996 - 42 USC 666(a)(13); Debt Collection Improvement Act of 1996 - 31 USC 7701(c) for more information).

Child Support. AS 25.27.244 (a) (Adverse Action Against Delinquent Obligor's Occupational License), requires the Child Support Enforcement Agency to provide a list of delinquent obligors to IPEMS each month and IPEMS must take action to withhold the occupational license of each identified delinquent obligor. The definition of "license" includes authorization under AS [18.08](#) to perform emergency medical services. AS 25.27.244(s)(2)(A)(iv).

Under AS 18.08.082, the department certifies emergency medical technicians, defibrillator technicians, emergency medical technician instructors, emergency trauma technician instructors, mobile intensive care paramedic course coordinators and emergency medical dispatchers. AS 18.05.030 compels the department to cooperate with the federal government and provide information it requires.

Student Loans. AS 14.43.148(a) (Nonrenewal of License) allows the nonrenewal of occupational license for a person who is in default on a loan made by the Commission on Postsecondary Education. AS 14.43.148 (h)(1)(A) (iv) defines "license" to include authorization under AS 18.08 to perform emergency medical services.

How the SSN is Used? To comply with federal and state laws, we use our certification data to confirm if licensees are in default of their child support and postsecondary education loans, based on the lists of defaulted obligors which are provided to IPEMS. IPEMS may provide limited certification data to the other agencies to clarify an ambiguous entry on the lists. In addition, the SSN is used within the EMS Test Correction system to match test scores electronically with certification records. SSNs are not used for other purposes and are not displayed on certification materials. Adverse actions against health care providers, e.g. revocation of certification, are required to be reported to the federal government. The provider's SSN will be reported as part of this required report.

Is Providing Your SSN Mandatory? Yes, for the reasons cited above, we are required to collect SSNs. Applications on which the SSN is not provided will be considered incomplete. The application will not be processed and no certificate will be issued until the SSN is provided. It should be noted that Social Security numbers can be assigned, by the Social Security Administration, to foreign workers who are authorized to work in the United States.

Summary: In order to become certified to provide emergency medical services under AS 18.08, a person must disclose their Social Security number. The Section of Injury Prevention and EMS uses the number for purposes required by statute and internally to match test scores with certification records. SSNs are not disclosed except as required by law and efforts are made to maintain the security and privacy of personal information.
